

Appendix 10.1: State and Territorial Hazardous Waste Management Agencies

EPA now includes waste from lead hazard reduction work under the household exemption for hazardous waste disposal requirements. Therefore, Appendix 10.1, a list of hazardous waste management agencies, has been deleted. See Chapter 10 for guidance on handling waste. For a current list of State and territorial waste management agencies, see the EPA website at <http://www.epa.gov/osw/wyl/stateprograms.htm>. [Accessed 7/28/2012; this site may be moved or deleted later.]
